DETAILED ACTION

Response to Arguments

1. Applicant's arguments filed 1/26/2004 have been fully considered but they are not persuasive.

Applicant has amended the claims in a product-by-process format. Applicant in the newly amended claims omits the genus labeled "I" as being the final product made. It is assumed by the examiner that the claimed process steps result in the final product of formula "I". The specification indicates this to be the case. Thus the instant claims are directed to making compounds of formula "I".

Applicant then puts forth the argument that the compound disclosed in Brown et al, is made a specific process. Applicant adds that the instantly claimed reaction products are made by a different process.

These arguments are not found persuasive. Applicant is claiming products of formula "I" by a product-by-process format. Please note MPEP 2113.

2113 [R-1] *Product-by-Process Claims*

*PRODUCT-BY-PROCESS CLAIMS ARE NOT LIMITED TO THE
MANIPULATIONS OF THE RECITED STEPS, ONLY THE STRUCTURE
IMPLIED BY THE STEPS*

"[E]ven though product-by-process claims are limited by and defined by the process, determination of patentability is based on the product itself. The patentability of a product does not depend on its method of production. If the product in the product-by-process

claim is the same as or obvious from a product of the prior art, the claim is unpatentable even though the prior product was made by a different process.” In re Thorpe, 777 F.2d 695, 698, 227 USPQ 964, 966 (Fed. Cir. 1985).

Applicant doesn't put forth any evidence or arguments that would support the factual conclusion that Brown et al don't make the same final reaction product. Please recall that the elected species is polyisobutene. There is nothing on the record to suggest that the polyisobutene made by the instant process is different from the polyisobutene made by Brown et al. The rejection is being maintained.

Claim Rejections - 35 USC § 102

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
3. Claims 14-16, 19-20, 23 and 25-26 are rejected under 35 U.S.C. 102(b) as being anticipated by Brown et al (US 5,124,484). For reasons see previous office action.

Claim Rejections - 35 USC § 103

4. Claims 14, 16, 21 and 22 rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Brown et al. For reasons see previous office action.

Conclusion

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
